COMING! STOP BUY-ING AND WAIT.

Popular Store Announces a Colossal Public Trade Sale.

The best news in today's paper is contained in the stirring announcement by our local firm of "live wires" in the mercantile business, who have taken a full page to call attention from our readers to their monster July Clearance Sale and Mid-season Carnival of Bargains.

Had they taken our full size issue it would hardly have sufficed to have told the story, for an eight-page newspaper could not contain mention of all the attractions planned and arranged for this big extraordinary store sale. Saturday shoppers who attend the big sale, will find this popular R. C. U. Store fairly ablaze with matchless bargains, and the price cards and tags will show plainly to every visitor the genuineness of the values which beckon from every side. The markets, mills, and factories of the entire world open up to you—at your very doors, throughout this colossal R. C. U. Public Trade Sale. You may think you have seen "sales" before, but never such a SALE as this! You must attend in person to realize its importance and far-reaching magnitude. Bear in mind, that the printed items mentioned in Kreek & Hansen's advertisement, and big full-page bills are merely representative, and give you but a very slight hint of the mighty multitude of matchless savings which await you at this sale of sales! Read their big ad. in this issue.

She is getting along nicely, and is able to be up a portion of the time. This will indeed be good news to her family and large circle of friends.

—Olive Kreek reached home, early Monday morning, for her summer vacation, from Baker University, Baldwin City, Kansas. She was delayed by flood conditions, being ten hours on the road from Kansas City, but was very much pleased to find the Oregon Interurban right on the job. The university is very active and prosperous, having increased the endowment to over a half million dollars, and expect over 600 students this fall.

—Jep Greene, of Buhl, Idaho, who has been visiting here for a month with his parents, A. H. Greene and wife, brothers and sisters, will leave Friday of this week for his western home. Jep says he had a good time and enjoyed every minute of his visit, but the only thing lacking was, that it did not rain often enough while he was here. Miss Etta, who came with him will not return until about the first of September.

Overcame All Obstacles.

Mrs. Ivan Blair, of Seattle, Washington, accompanied by her daughter, Oral, arrived here Saturday last, coming via Savannah, by the Interurban, from there to Leach's Mill by jitney, then across the Nodaway river by skiff, where she was met by Sheriff Gelvin, to whom she had telephoned to meet her, and from there he took her to Maltland, the home of her parents, J. H. Ficken and wife, in his car. She had phoned Sheriff Gelvin to meet her, and whatever he undertakes he usually accomplishes, as we darned well know, and never opens his head, even if he keeps you sitting alone in the car for two or three hours. Mrs. George McNaull, of Maltland, who was water-bound in St. Joseph came with her.

Goes To Pen.

Judge Burnes was here Tuesday, and held court a short time, for the purpose of hearing the appeal cases of State vs. Homer Campbell, who was found guilty of assault to kill Mode Morse, and received a sentence of two years in the penitentiary, also in the case against him for assaulting Mary Jackson, and was given 5 years in the penitentiary. Campbell failed to take his appeal, and the sentences were made forcible and Sheriff Gelvin will likely leave with his prisoner, Saturday, for Jefferson City.

'Where Are They At?'

The county court was in session Monday, of this week, to discuss the road and bridge conditions with County Highway Engineer Peret. They are trying to find out where they are "at," and are trying to do what they can to relieve the situation. On Saturday, they will go to the Eureka district in the Gillespie neighborhood to look into the situation there, and on Monday they will meet and make a decision as to how far they can go to relieve the situation.

—David Elder and his force have completed a fine hay and cattle barn, 50x100 feet for Mike (Asmus) Prusman of Forbes township. Levi Schulte, of the Variety Store, did the tin work. They also just completed a fine hay and stock barn, 44x48, with cattle sheds, for G. B. Rayhill, on his farm in the Mayflower school district, about eight miles east of Oregon, occupied by his son, J. J. Rayhill. They are both dandies.

At Rest.

Roy L. Simpson, the subject of this sketch, was born in Harrison county, Missouri, and died at Pawnee, Missouri, June, 1915, of the dreaded disease, consumption, aged 25 years, 5 months and 14 days.

He was left an orphan at the age of 5 years, and was then taken by Richard Smith and wife and raised to manhood, and was the same as an own son to them. They gave him every advantage of a good education and he was one of Harrison county's successful school teachers.

He was a faithful member of the Christian church and bore his long sickness with patience and fortitude.

He was married to Miss Carrie Wood, May 22, 1913; to this union was born one son, Dick, age fifteen months.

He leaves an invalid wife and son, eight brothers and his foster father, Richard Smith, to mourn their loss.

Roy was a boy and young man loved and respected by all who knew him, and his friends were numbered by his acquaintances.

Mr. Simpson had many friends in the Benton school district, where he taught in 1913-14, who will be sorry to learn of his death, and who also extend their sympathy to the bereaved wife.

Thanks.

THE SENTINEL desires to return thanks to C. D. Book, the popular and hustling pump man for the Burlington at Napier, for helping us to get our mail to Fortescue, Friday of last week, and also to Bigelow. He took us from Napier to Fortescue, with the mail, on his three-wheeler. Also Lum Patterson has our thanks for taking the Maltland mail and routes, and Matt B. Thomas, took the Mound City mail and routes. They were here in buggies, and were only too willing to accommodate us. We surely appreciate the kindness of these gentlemen, and will reciprocate whenever occasion presents. Frank Skeeles, of Napier, was with Mr. Thomas.

—J. O. Weller, of Maltland, drove down Saturday in his car, bringing three traveling men, who were water-bound there. They thought if they reached Oregon they could get out at once, but alas, while the Oregon Interurban Railway never missed a trip (that is was never out of commission) the Burlington was tied up, and they had to stay here until Sunday.
